

Nocturne du 20 février 2015

X+1 déploie l'univers et l'esthétique du *net art* et de la culture web. En cette soirée Nocturne, les murs et parois de l'espace architectural circulaire de la Rotonde sont animés et investis par un foisonnement d'images. Les activités de réseaux et d'échanges ainsi que les multiples créations d'artistes locaux et internationaux fusionnent avant d'être retranscrites en une expérience visuelle immersive unique.

Les initiateurs du projet, Erin Gee, Benoit Palop, Sabrina Ratté et Tristan Stevens, ont invité des artistes de leurs réseaux personnels qui, chacun à son tour, en ont convié un autre : un mode de sélection mettant l'accent sur les activités sociales URL ainsi que sur le caractère *open source* et exponentiel de la création à l'ère d'Internet — d'où le désignatif X+1.

Dans le contexte de cet événement, Sabrina Ratté et Roger Tellier-Craig offriront une performance audiovisuelle à 20 h, suivie d'une performance de personnages hybrides conçue par Erin Gee.

Nocturne – February 20, 2015

X+1 unfurls the universe and aesthetics of net art and web culture. For this Nocturne evening, the walls of the circular architectural space of the Rotonde will be enlivened and filled with a profusion of images. Networking and exchange activities, along with many different creations by local and international artists, will merge together before being retranscribed in a unique, immersive, visual experience.

The originators of the project—Erin Gee, Benoit Palop, Sabrina Ratté and Tristan Stevens—have invited artists from their personal networks who, in turn, have each invited another artist, a method of selection that emphasizes URL social activities and the open source, exponential nature of creation in the Internet age: hence the designator X+1.

As part of this event, Sabrina Ratté and Roger Tellier-Craig will put on an audiovisual performance at 8 p.m., which will be followed by a performance by hybrid characters created by Erin Gee.
